- NCR Merchant Solutions is the leading payments processing company in the US.
- NCR Merchant Solutions' net promoter score is higher than most major leading US banks.

From the time a purchase is made through the settlement of funds, NCR Merchant Solutions (NMS) manages the entire transaction process. We are the preferred payment processor for NCR, a global provider of point of sale technology for the retail and restaurant industries.

Our payment solutions seamlessly integrate with your Aloha or CounterPoint system, so no additional hardware is required. Retail and restaurant businesses know that partnering with NMS will maximize profit opportunities and deliver innovative solutions.

As the leading provider of merchant solutions, NMS offers simple, cost-effective end-to-end solutions to boost your bottom line. Our goal is to bring value to you.

Contact NMS for a complimentary cost comparison. We will meet or beat your current processing costs and guarantee that as long as you are a customer, your rates will never increase.*
